

Putrajaya Perdana gets hospital job

KUALA LUMPUR: Construction and property group Putrajaya Perdana Bhd says it has won a contract to build a 300-bed private hospital in Desa ParkCity for RM142.8mil.

This will be the firm's first project in the health sector.

The project, which includes a six-storey elevated car park, was scheduled for completion in April 2012, according to a statement yesterday.

The private hospital project was awarded by Trekker Avenue Sdn Bhd, a subsidiary of Perdana ParkCity Sdn Bhd, to Putra Perdana Construction Sdn Bhd, which is a subsidiary of Putrajaya Perdana.

Perdana ParkCity is the developer of 473-acre Desa ParkCity township.
